Studyladder Spelling Program

The Studyladder Spelling program is a sequential whole school program catering for primary students between the age of 5 and 12.
Each Level in the Studyladder program provides grade appropriate activities for teaching and learning. Areas covered across the Whole School Spelling Program include: Phonics, Vocabulary Enrichment, Language Rules and Conventions, Word Usage and Etymology.

Studyladder Levels are arranged by colour in the following order:
Yellow Level, Red Level, Orange Level, Blue Level, Green Level, Brown Level, Black Level.

The Green Level program consists of the following features:

1)   Introductory Videos that demonstrate skills and introduce new knowledge.
2)   Online Practice activities that include 'Look, Cover, Write' techniques to help students recognise and use correct spelling.
3)   Printable Activity Sheets that allow students to practice spelling and extend vocabulary knowledge.
4)   Online Test Activities that allow students and teachers to monitor their progress.

The Green Level course consists of activities that build knowledge of:

1)   strategies for spelling words through understanding of phonic patterns
2)   strategies for spelling words through understanding of spelling rules and plural rules
3)   strategies for spelling words through recognition of contextual clues such as homophones and compound words
4)   vocabulary through introduction of word banks, including descriptive words and technical words
5)   morphemic word families through understanding of etymological word origins

The Word Lists:

Each list consists of five words that target a specific outcome. Teachers may choose to include one or more lists in their weekly spelling program. Teachers can adjust the course to cater for the needs of their students by including additional words of their own choice (or by selecting from 'themed' word banks that will be introduced to the program during the coming months.) Teachers may also access any of the activities in higher or lower grades to cater for individual student needs.

Associated Activities:

VIDEOS: Each word list has teaching video that demonstrates skills and introduces new knowledge. Students are encouraged to watch the videos at school to reinforce knowledge. Teachers may also like to set this task as a homework task to help students share their understanding with their parents.
ACTIVITY SHEET: Teachers are encouraged to use these activities within their classrooms to reinforce understanding of the spelling strategy that is being addressed.
ONLINE ACTIVITIES AND TESTS: Teachers may choose to allow students online time at school or they may set these activities as Studyladder free homework tasks.
