

Estimating

- 1 Round each number, then add to estimate the answer.

$$85 + 57$$

A: $90 + 60 = 150$

- 3 Round each number, then add to estimate the answer.

$$66 + 84$$

A: $70 + 80 = 150$

- 5 Round each number, then add to estimate the answer.

$$59 + 65$$

A: $60 + 70 = 130$

- 7 Round each number, then add to estimate the answer.

$$54 + 42$$

A: $50 + 40 = 90$

- 9 Round each number, then add to estimate the answer.

$$46 + 17$$

A: $50 + 20 = 70$

- 2 Round each number, then add to estimate the answer.

$$24 + 43$$

A: $20 + 40 = 60$

- 4 Round each number, then add to estimate the answer.

$$77 + 39$$

A: $80 + 40 = 120$

- 6 Round each number, then add to estimate the answer.

$$73 + 18$$

A: $70 + 20 = 90$

- 8 Round each number, then add to estimate the answer.

$$35 + 28$$

A: $40 + 30 = 70$

- 10 Round each number, then add to estimate the answer.

$$77 + 66$$

A: $80 + 70 = 150$
