

My name is: _____

What you need for this activity:

Craft glue, dry macaroni pasta pieces, a wooden matchstick, pencils or pens.

Fine Motor Skills Activity: Manipulating and gluing small items.

Draw patterns in the outline of the ink pot with pencils or pens. Apply craft glue inside the outline of the letter 'i'. Carefully place dry macaroni pasta on the glue with the fingers. A matchstick can be used to adjust the position of the macaroni so they line up nicely along the length. Repeat the process inside the handle of the pen. Leave undisturbed overnight to allow the glue to dry.
