

'Animals in the Environment' words

How many words can you make from the letters in 'camouflage'?

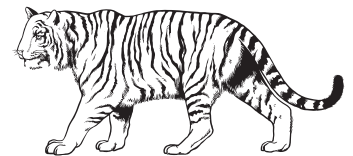

- habitat
- environment
- shelter
- survival
- camouflage
- nocturnal
- predator
- prey
- migrate
- ecosystem

Migrate means to go from one region or place to another at particular times of the year.

Match the animal that migrates and the journey it takes.

- | | |
|------------------------------|---|
| Arctic Tern | From the Pacific Ocean to the river where it was born |
| Monarch Butterfly | From polar waters to the equator |
| Chinook Salmon | From the forest to the coast |
| Wildebeest | From Greenland and the Arctic to Antarctica |
| Red Crab of Christmas Island | From the Serengeti plains towards Lake Victoria |
| Humpback Whale | From Canada to Mexico |

Write each word in a sentence.

habitat _____

environment _____

shelter _____

survival _____
