

Name: _____

Subtraction: Missing Numbers

$6 - \square = 4$

$3 - \square = 1$

$8 - \square = 7$

$6 - \square = 5$

$8 - \square = 6$

$9 - \square = 5$

$9 - \square = 3$

$8 - \square = 5$

$7 - \square = 4$

$3 - \square = 1$

$8 - \square = 6$

$6 - \square = 4$

$6 - \square = 3$

$6 - \square = 3$

$2 - \square = 2$

$7 - \square = 6$

$5 - \square = 0$

$6 - \square = 5$

$6 - \square = 2$

$8 - \square = 0$

Working Mathematically

- 1)  A soccer team is made up of 11 players. The junior team has already got 7 players. How many more players do they need?

- 2) After batting twice Sammy scored 19 points altogether. She scored 8 the first time she batted. What was her score the second time she batted? _____
