

Name: _____

5 x Tables

$8 \times 5 = \underline{\quad}$ $5 \times 3 = \underline{\quad}$

$1 \times 5 = \underline{\quad}$ $4 \times 5 = \underline{\quad}$

$0 \times 5 = \underline{\quad}$ $2 \times 5 = \underline{\quad}$

$0 \times 5 = \underline{\quad}$ $9 \times 5 = \underline{\quad}$

$4 \times 5 = \underline{\quad}$ $5 \times 2 = \underline{\quad}$

$5 \times 5 = \underline{\quad}$ $5 \times 10 = \underline{\quad}$

$3 \times 5 = \underline{\quad}$ $5 \times 5 = \underline{\quad}$

$5 \times 1 = \underline{\quad}$ $5 \times 0 = \underline{\quad}$

$5 \times 2 = \underline{\quad}$ $1 \times 5 = \underline{\quad}$

$5 \times 6 = \underline{\quad}$ $2 \times 5 = \underline{\quad}$

$5 \times 5 = \underline{\quad}$ $5 \times 5 = \underline{\quad}$

$2 \times 5 = \underline{\quad}$ $3 \times 5 = \underline{\quad}$

$5 \times 7 = \underline{\quad}$ $4 \times 5 = \underline{\quad}$

$5 \times 10 = \underline{\quad}$ $7 \times 5 = \underline{\quad}$

$5 \times 0 = \underline{\quad}$ $5 \times 3 = \underline{\quad}$

$6 \times 5 = \underline{\quad}$ $5 \times 3 = \underline{\quad}$

$5 \times 2 = \underline{\quad}$ $5 \times 4 = \underline{\quad}$

Working Mathematically

- 1) There are 10 teams in the basketball competition.
Each team has 5 players.

How many players in the competition? _____

- 2) There are 9 boats in the race.
Each boat has 5 crew.

How many people in the boat race?

- 3) We arranged the desks into rows of 5.

How many desks in 3 rows? _____

- 4) There are 5 beanbags in each hoop.

How many beanbags in 6 hoops? _____

- 5) Each tree has 5 coconuts.

How many coconuts on 4 trees? _____
