

Birds

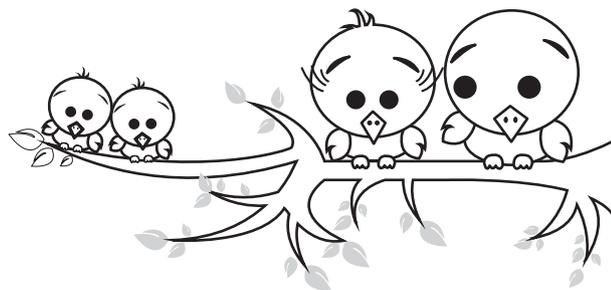

Birds are the only animals that have feathers. Birds lay eggs and have a beak with no teeth.

Name and draw a bird that has colourful feathers.

Name and draw a bird that cannot fly, but can swim.

Name and draw a bird that cannot fly, but can run very fast.

What is your favourite bird?

Number Crunchers

1 There are 5 birds in my garden. 3 more birds flew in and joined them.
How many birds are there now?

2 I have 6 chickens. My sister has 3 chickens.
How many chickens do we have altogether?

Writing a description

Write a description of a bird, then read your description aloud to your family.
Can they guess the bird you are describing?

Plan before you write.

Draw your bird.

What does your bird look like? (size, colour, beak shape)

Where does your bird live?

Does it have special features?
